

Superior Adhesives for Gift Basket Assembly

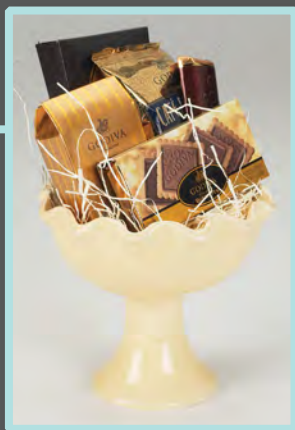

From your store to their door, keep gift baskets looking beautiful with the original Glue Dots® Brand Adhesives.

Secure items in place before shrink wrapping and attach bows, ribbons and tags

Keep labels facing forward

Cushion glass items

Secure gift towers

Make assembling your gift baskets effortless with easy-to-use, versatile Glue Dots® Brand Adhesives. Two decades of expertise are placed at your disposal when you rely on the original instant-bonding Glue Dots, a cleaner, safer alternative to hot glue and double-sided tapes.

Ideal for bonding irregularly shaped objects, Glue Dots for gift baskets are available in High and Super High Tack.

High Tack is considered removable in most cases, and doesn't tear paper. Super High Tack creates an aggressive bond and in most cases does tear paper, but is also considered removable when used with glass or plastic applications.

The two most popular Glue Dots applicators for gift basket assembly are:

Dispenser Box

- Two application locations
- Ready-to-use right out of the box
- Available in 1,000 & 2,000-count rolls

Dot Shot® Pro

- Durable and lightweight design
- Refillable hand-held applicator
- Compatible with 600-count rolls
- Easy-loading for efficient use
